

## HOST A COMMUNITY MEETING

Your school board members and superintendents have platforms and can be great conveners. Ask them to work with you to host a community meeting to educate residents about how public schools are funded in Ohio.

### A typical AOK Fair School Funding meeting:

- Gives a background on school funding in Ohio
- Describes how the Fair School Funding Plan works and how it benefits students
- Explains the flaws in the current budget proposal
- Highlights local data
- Provides attendees with next steps and action items

All in For Ohio organizers will work with you to create an agenda and publicize the event.
